Instruction for Speakers

Instruction for Oral Presentation

Only LCD projectors will be prepared. Authors are expected to bring their presentation on their own laptop computers along with a backup copy on a USB device in case of laptop failure.

Instruction in detail:

- (1) LCD projectors accept standard VGA 15pin input.**
- (2) It is important to check the connection between your laptop computer and the LCD projector before your scheduled presentation day and time to assure your presentation operates successfully in the onsite environment.**
- (3) The time allocated for the oral presentation speakers includes 4 minutes for discussion. The first bell will ring 3 min. before finishing your talk. The second bell will notify you that it's time to finish the talk. Please conclude your talk immediately, when the second bell has been rung.**

Presentation time:

Invited talk

Presentation for 25 min and discussion for 4 min

First bell at 22 min, second bell at 25 min

Contribution talk

Presentation for 10 min and discussion for 4 min

First bell at 7 min, second bell at 10 min

Attention: Audio and/or visual recording is prohibited.
